

Vocabulary Activation Tracker – The 10 Signs of Pushed Output

This tracker helps teachers identify when learners are ready for Pushed Output. Use it weekly to note signs of lexical activation, response expansion, and fluency growth.

Sign / Indicator	Week 1	Week 2	Week 3	Week 4	Week 5
1. Gives short but meaningful answers.					
2. Attempts to expand responses without prompts.					
3. Self-corrects or reformulates mid-sentence.					
4. Requests more challenging tasks.					
5. Shows longer pauses but better accuracy.					
6. Uses new vocabulary in spontaneous speaking.					
7. Paraphrases ideas with increasing ease.					
8. Initiates conversation or topic changes.					
9. Responds actively to peer/teacher feedback.					
10. Expresses desire to 'try again' or 'say it better'.
